WORK HISTORY

Mr. Cooper

Contract Recovery Specialist II   **March 2019 Present**

I work in a highly adaptive role where things are constantly changing so meet business needs in a project based role. From month to month, I'll change my job role to suit many different business needs such as post claims process, QC previous workloads for accuracy. I am in charge of handling hundreds of thousands of dollars upwards to millions from any given month and allocating previous losses to recoup or effect internal departments cost centers.

IBM

Default Oversight Specialist   **May 2016 - March 2019**

Review loan origination & modification documents to determine if borrowers meet federal guidelines for default assistance. This includes postponement of sale dates if necessary which means there is a high attention to detail & accountability.

Additional Work experience
